PRE-BID CONFERENCE

0010674, Tift County

October 21, 2016

Start Time: 11:00am

Description: The work consists of, in general, sidewalk replacement, replacing diagonal parking spaces with tree planting islands and other streetscape improvements on SR 7 from 4th street to 1st street and from SR 520 to Poplar Street in the City of Tifton. The project length associated with these street segments is approximately 3,400 linear feet and is located entirely within City of Tifton. The project will include new and/or reconstructed sidewalks with streetscape amenities.

MAAI Project Manager: Ronnie Hall/Felicia Basolo

Date Let To Contract: TBD

Notice To Proceed: TBD

Contract Completion Date: TBD

Introductions: Please note the attached sign-in sheet of persons attending the conference.

Proposed Starting Date:

It was mentioned during the meeting that the contractor has 120 days, from the start of construction, to substantially complete the project. Also, the contractor **MUST** substantially complete the project no later than December 31, 2017 as per the bid manual.

DBE: 17%

Right of Way: N/A

Amendments:

An amendment will be made the Special Provision 150.11.

Earthwork Comments: There is minimal to no grading on this project.

Site Times:

No site walk was conducted with the Amec Foster Wheeler's representative present. Contractors decided to walk to site independently without Amec Foster Wheeler's representative.

Other Comments:

A question was raised regarding construction times and if night work would be allowed. Currently, the included Special Provision 150.11 states that no construction work shall occur during the hours of 7pm to 6am. The City has decided to amend this Special Provision in accordance with their local noise ordinance.

A question was asked about where equipment/materials could be stored during construction and whether this storage area cost needed to be included in the bid. The City will locate a City owned property for equipment/materials to be stored during construction. No bid amount needs to be included for equipment/material storage.

Meeting Adjourned. 11:31am

Christopher Jung, P.E., conducted this meeting.
